

CARE & MAINTENANCE

SmartStick® Peel & Stick Wall Covering

As with any quality wall covering, proper care and maintenance will extend the life of the wall covering to help maintain its original finish.

SmartStick® wall covering may be cleaned with a dry, soft, lint-free cloth using a blotting action (do not rub).

Do not use any liquids to clean the mural as they may cause discoloration and/or remove ink from surface. Water, solvent based cleaning agents, lacquer thinners, nail polish remover, pine oil, or cleaning agents containing bleach should not be used on SmartStick® wall covering.
